

FOUNDATION ANNOUNCES 2020 GRANT PROGRAM

The 2020 Grant Program of the Foundation for the First United Methodist Church of Fort Collins will begin on March 1st. Grant money is available for church committees and groups to be used for programs, equipment and services that are typically not funded through the church operating budget. The Foundation was begun in 1986 and has distributed approximately \$386,000 in grant money since that time.

Grant Application Timeline

March 1-31: Grant applications may be found online on the church website or picked up in the church office. Applications will also be placed in committee mailboxes.

March 31: Deadline: Completed grant applications must be returned to the church office with the necessary signatures and placed in the Foundation mailbox.

April 22: Review: The Foundation Board will review each application and determine this year's recipients.

After May 1: Notification: Grant applicants will be notified as to the status of their application.

The Foundation Board will review each application to determine if the request should be fully funded, partially funded or not funded. In general, the total amount requested for all grants far exceeds the funds available.

Each grant application requires signature approval and the signatures must be obtained prior to submission to the Foundation. Unsigned applications will not be considered for funding.

Guidelines:

Grants aren't normally made for ongoing operating expenses such as staff positions. Priority is given to longer-term projects and equipment needs. Applications involving property or facility changes will not be considered without proper review, endorsement and sign-off by the Trustees. Decisions of the Foundation Board are final and not subject to further review.

An extension request can be submitted if a delay in spending for a project extends past the expiration date. Written requests are required and will be reviewed and approved, if appropriate, by the Foundation Board. Any unspent funds as of August 31, 2020 will be returned and added to the grant funds available for the next grant period.
